## **TOURISM NEW ZEALAND FAMILIARISATION PROGRAMME**

This programme matches quality New Zealand sellers (including senior managers, product managers and frontline sales staff) with internationally ready New Zealand operators that meet the needs of a particular market.

Most famils operate outside of New Zealand's peak summer season (December to February).

The aim of a famil is to show participants regions of Aotearoa they may be unfamiliar with, as well as introduce them to new products. Plus it's a fun and memorable way to learn about the motu (country), meet other agents and give you the confidence to sell quality New Zealand holidays.

If you would like to learn more about the famil programme please contact your local Tourism New Zealand office.

NOTE: Famil participants are required to complete at least 8 online training modules prior to taking part on a Tourism New Zealand famil.
